

## Statistics for the SDGs - indicators for national priorities

<b>Name of the indicator</b>	<b>8.7.c Percentage of young people neither in employment nor in education and training (NEET)</b>
<b>Sustainable Development Goal</b>	Goal 8. Decent work and economic growth
<b>Priority</b>	Work activation of young people, women, persons aged 50+ , long-term unemployed as well as persons with disabilities
<b>Definition</b>	Percentage of people aged 15-24 who are not employed and do not participate in further education and training. Indicator's numerator refers to those who meet two conditions: - are not employed (i.e. are unemployed or economically inactive), - did not participate in any form of education during four weeks preceding the survey. Indicator's denominator is a population in a given age group, which the indicator concerns, excluding persons who did not answer the question concerning "participation in regular education and training."
<b>Unit</b>	percent [%]
<b>Available dimensions</b>	total
<b>Methodological explanations</b>	The indicator is compiled by Eurostat on the basis of the quarterly <b>Labour Force Survey</b> (LFS) in Poland. The survey is carried out using the method of continuous observation (moveable survey week). In each of 13 weeks of quarter, 1/13 part of quarterly sample of housing is surveyed. A surveyed week begins on Monday and ends on Sunday, while a surveyed quarter refers to a calendar quarter. For the purposes of presentation of annual data, a calculation of annual averages from quarterly data is used.
<b>Data source</b>	Eurostat
<b>Data availability</b>	Annual data; since 2010.
<b>Notes</b>
