 N Administrative and support service activities,
 P Education (excluding higher education),
 Q Human health and social work activities (excluding independent public healthcare centres),
 R Arts, entertainment and recreation,
 S Other service activities (excluding Division 94 Activities of membership organisations).

Value added at producer price is a gross profit from operating activity including operating subsidies and indirect taxes. Its calculation is based on the turnover plus capitalised production, plus other profits from operating activity, plus or minus change in stocks, minus purchase of goods and services, minus taxes on products that are related to the turnover, but are not deductible, minus duty and taxes related to production.
