

## Statistics for the SDGs - global indicators

<b>Name of the indicator</b>	<b>8.6.1 Proportion of youth (aged 15-24 years) not in education, employment or training</b>
<b>Sustainable Development Goal</b>	Goal 8. Decent work and economic growth
<b>Target</b>	8.6 By 2020, substantially reduce the proportion of youth not in employment, education or training
<b>Definition</b>	<p>Percentage of people aged 15-24 who are not employed and do not participate in further education and training.</p> <p>Indicator's numerator refers to those who meet two conditions: Are not employed (i.e. are unemployed or economically inactive), Did not participate in any form of education during four weeks preceding the survey.</p> <p>Indicator's denominator is a population in a given age group, which the indicator concerns, excluding persons who did not answer to the question concerning "participation in regular education and training."</p>
<b>Unit</b>	percent [%]
<b>Available dimensions</b>	total
<b>Methodological explanations</b>	<p>The indicator is compiled by Eurostat on the basis of the quarterly Labour Force Survey (LFS) in Poland.</p> <p>The survey is carried out using the method of continuous observation (moveable survey week). In each of 13 weeks of quarter, 1/13 part of quarterly sample of housing is surveyed.</p> <p>A surveyed week begins on Monday and ends on Sunday, while a surveyed quarter refers to a calendar quarter.</p> <p>For the purposes of presentation of annual data, a calculation of annual averages from quarterly data is used.</p>
<b>Data source</b>	Eurostat
<b>Data availability</b>	Annual data; since 2010.
<b>Notes</b>
